PROFESSIONAL SUMMARY

Laravel and PHP Developer with 2.6+ years of experience designing, developing, and maintaining scalable web applications. Proven expertise in REST API development, third-party API integration, payment gateway integration, MySQL database optimization, and role-based access control (RBAC). Delivered 10+ production-grade applications for government-sector and enterprise clients. Adept in Agile environments with strong collaboration and deployment experience.

TECHNICAL SKILLS

Backend: PHP, Laravel, CodeIgniter, REST API Development, MVC Architecture, Eloquent ORM, Middleware

Frontend: HTML5, CSS3, JavaScript (ES6+), jQuery, AJAX, Bootstrap 5, Responsive Web Design

Database: MySQL, SQL, Relational Database Design, Query Optimization, Indexing, Migration

API & Integrations: RESTful APIs, Third-Party API Integration, Payment Gateway Integration (Razorpay/Stripe)

Authentication & Security: Laravel Sanctum/Passport, JWT, Session Management, RBAC, Input Validation

Tools & Workflow: Git, GitHub, Postman, VS Code, Composer, npm, Agile/Scrum, SDLC, Deployment

PROFESSIONAL EXPERIENCE

Laravel Developer

May 2024 – May 2026

Veritos Infosolution Pvt. Ltd.

Mohali, Punjab

- Engineered and maintained **10+ production-level web applications** using Laravel, PHP, and MySQL for government and enterprise clients, supporting thousands of concurrent users.
- Designed and built **RESTful APIs** consumed by frontend and mobile clients, enabling seamless third-party service integrations and real-time data exchange.
- Implemented **role-based access control (RBAC)**, Laravel Sanctum authentication, and secure session management across multi-role user systems.
- Integrated **payment gateways** and automated end-to-end transaction workflows, reducing manual processing time significantly.
- Optimized complex **MySQL queries and database schema**, cutting average API response times by improving indexing and Eloquent query efficiency.
- Developed **responsive UI components** with HTML5, CSS3, Bootstrap, jQuery, and AJAX, improving UX across government citizen portals.
- Led debugging, testing, deployment, and post-release production support following **Agile/Scrum** development practices.

Laravel Developer Trainee

Oct 2023 – May 2024

D2Code Lab Pvt. Ltd.

Ellenabad, Haryana

- Developed backend modules using **Laravel Eloquent ORM** and MySQL, implementing full CRUD operations, form validation, and business logic.
- Built authentication, authorization, and **role-based access** features for live client applications.
- Participated in code reviews, debugging sessions, and production deployments alongside senior developers.

KEY PROJECTS

BCMR Portal | *CI, PHP, MySQL, AJAX, jQuery*

- Built citizen registration, workflow management, and document tracking modules for a government-sector portal serving a large user base.
- Implemented multi-role authentication, secure form handling, and real-time status updates using AJAX.

Haryana Medical Council | *CI, PHP, MySQL, REST API*

- Developed online administration modules for medical license management and public service requests.
- Integrated external REST APIs and optimized database queries to handle high-volume data operations.

Elior Booking System | *Laravel, PHP, MySQL*

- Designed and implemented booking and reservation management modules with availability tracking and automated confirmation workflows.

EDUCATION

Bachelor of Computer Applications (BCA)

2025 – Present

Swami Vivekanand University - Jaipur

India

Diploma in Computer Information & System Management

2023 – 2024

Nohar

Rajasthan
